Every cent of money you invest in these goes directly to the government. The service given by the postmaster and the bank is entirely voluntary and is part of their contribution to the war effort.

It is also desired to bring to the attention of local residents that it is no longer necessary to send complete War Saving Stamp sheets to Ottawa. When the full sixteen stamps are placed on the folder they can be turned into the post office or the bank in exchange for certificates.

And they can still smile and joke when you meet them on the street. Yep. They have got what it takes. That is one of the reasons we will win this war.

Editorials**WE ALL MOULD PUBLIC OPINION**

The majority of Canadian citizens are on the march again. With heads erect, eyes front, their ranks are skirting past luxuries and non-essentials, on their way to purchase the new Victory Bonds.

Every man and woman in that parade is performing an extra war service for his country. He is setting a powerful example that will attract other citizens into the ranks of the majority.

In these war days, we can no longer afford to spend any more than is absolutely necessary for good health. Our sailors, soldiers and airmen are crying for every other penny of our earnings to make their striking power more and more potent. Every time any one citizen answers that cry,—resolutely turning his back on the temptation to buy something he doesn't really need,—his example helps materially to create solid public opinion.

When we shut out our short-sighted selfish inclinations so that we can buy Victory Bonds, we not only take a direct part in the war. We perform an invaluable service in crystallizing a strong united Canadian voice that shouts, "Nothing matters but Victory!"

Women who are warriors, not worriers.

Men who are in training now to build a better world tomorrow.

**It is now ILLEGAL
to HOARD scrap steel
or UNUSABLE machinery**

The Steel Controller has ordered that, after September 15, 1942, no person may retain in his possession scrap iron or steel weighing a total of 500 pounds or more unless he has a permit.

(For the purposes of the new regulations, scrap metal includes machinery, structural steel, or any other article or commodity containing iron or steel, which is not serving an immediate vital purpose.)

The order also provides:

That anyone, coming into possession after September 15 of scrap iron or steel weighing 500 pounds or more, must dispose of it within 20 days.

That any person having a valid reason for not disposing of scrap metal as scrap metal or who believes that it can serve some essential purpose, must send in a report by September 15 to the Used Goods Administrator of the War-time Prices and Trade Board, Lumsden Building, Toronto. His report must reveal the exact description, quantity, and location of his scrap metal.

The provisions of the order do not apply to scrap dealers who are already subject to previous orders; nor do they affect metal fabricators and processors who are in legal possession of metal to be used in manufacturing.

A copy of the order, S.C. 16, may be obtained from the Steel Controller, Department of Munitions and Supply, Ottawa.

Infractions of the new regulations are subject to a fine of up to \$5,000, or imprisonment of up to five years, or both fine and imprisonment.

GOVERNMENT INSURANCE IN CASE OF WAR DAMAGE TO PROPERTY

OWNERS OF PROPERTY ARE URGED TO INSURE AGAINST LOSS BY ENEMY ACTION

The Government of Canada, by Act of Parliament, has set up a Plan of War Risk Insurance against damage to property caused by enemy action—by countermeasures taken against the enemy—by explosions of war munitions handled by third parties.

In terms of general information, it may be stated that the Plan provides a certain limited FREE COMPENSATION for damage to owner-occupied homes and to chattels, but the main feature of the Plan is that owners of most types of property can protect their property by PURCHASE of GOVERNMENT WAR RISK INSURANCE at very moderate rates.

This type of War Risk Insurance is not being sold today by private insurance companies, because of the risk involved. Consequently, the Government has established a national scheme to make it possible for each citizen in Canada to purchase the sense of security that comes from knowing that if his property does suffer war damage (and the war has come much closer to Canada in the last twelve months) he can call on the resources of Canada to help him make good his property loss.

HOW TO OBTAIN GOVERNMENT WAR RISK INSURANCE

The Fire Insurance Agents and Companies of Canada have volunteered to the Government the services of their extensive facilities and personnel, on a non-profit basis, thus avoiding the setting up of the large organization that otherwise would be needed to handle details of this nation-wide Government War Risk Insurance scheme.

YOUR FIRE INSURANCE AGENT OR COMPANY WILL GLADLY SUPPLY COMPLETE DETAILS OF THIS GOVERNMENT INSURANCE PLAN.

THIS ANNOUNCEMENT IS PUBLISHED
so that the public may have notice of the
Government War Risk Insurance Scheme.
The information given above is not intended
to be a complete résumé of the Scheme. Full
information regarding conditions, exclusions,
etc., is available elsewhere.

TO HOME OWNERS HOUSEHOLDERS and OTHERS

Limited free compensation is provided under the Act for War Damage by enemy action to owner-occupied homes up to \$3,000. Damage to Householder's Chattels, up to \$800—for those of his wife, up to \$400—for each child under 16, up to \$100—for others, not householders, up to \$200.

No policies are needed in this classification but insurance additional to the above amounts may be purchased.

Ask any Fire Insurance Agent or Company for complete details.

THE NEW INCOME TAX

PART I - As it Affects

SALARY AND WAGE EARNERS

1. Question: WHO MUST PAY?

Answer: All persons in receipt of incomes over \$660 single—or \$1200 married.

2. Question: WHAT FORMS DO YOU HAVE TO FILL OUT?

Answer: Unless you are single, without dependents, and not making payments for allowable personal savings (Item 5D), you should file Form TD-1 with your employer. Otherwise he must deduct the amounts provided by the Table of Tax Deductions for a single person without dependents or personal savings.

If $\frac{1}{4}$ or more of your income comes from salary or wages, you must file your 1942 Income Return by 30th September 1943. If your income is not over \$5,000, including not over \$100 from investments, you will use Form T1-Special; otherwise you will use Form T-1.

3. Question: WHEN AND HOW IS YOUR TAX COLLECTED?

Answer: Your employer is required by law to make deductions from your salary or wages on account of your 1942 tax during the period September 1942 to August 1943. Each deduction must be the amount provided by the official Table of Tax Deductions for your current rate of pay, and family status and personal savings as declared on Form TD-1 (Item 2 above).

The Table is designed to collect about 90% of the tax on your salary or wages, leaving a balance of not more than 10%, in most cases, (plus tax on your other income, if any) to be paid with your Income Return to be filed in September 1943.

If your salary or wages are less than $\frac{1}{4}$ of your income, you must pay tax on your other income by compulsory instalments. (See Part II below).

4. Question: WHAT CONSTITUTES TAXABLE INCOME?

Answer: Your income is made up of your full salary or wages before any deductions whatsoever, plus living allowances, gratuities or bonuses (including cost of living bonus) and the value of any board, living quarters or supplies, etc., given you by your employer. It also includes such receipts as interest and dividends, rents (after taxes, repairs, etc.), royalties and annuities. From your total income you deduct payments (up to \$300) into certain types of employees' superannuation or pension funds, charitable donations up to 10% of your income, and medical expenses over 5% of your income (maximum—\$400 single, \$600 married, plus \$100 for each dependent up to four), to find the amount of your taxable income.

5. Question: HOW MUCH DO YOU PAY?

Answer: (A) Normal Tax—(whichever rate is applicable is applied to the full amount of

"YOUR 1942 INCOME TAX"

of Income Tax.

your taxable income from the first to the last dollar).

- (1) Single—
with taxable income between \$660 and \$1800—7%
- with taxable income between \$1800 and \$3000—8%
- with taxable income over \$3000—9%
- (2) Married (or equivalent status)—
with taxable income over \$1200—7%
- (3) Dependents—tax credit for each—\$28

(B) Graduated Tax—

| |
|--|
| (1) On first \$660 of taxable income—No Tax. |
| 30% on next \$ 500 55% on next \$ 5,000 |
| 33% on next 500 60% on next 7,000 |
| 37% on next 1000 65% on next 10,000 |
| 41% on next 1500 70% on next 20,000 |
| 45% on next 1500 75% on next 20,000 |
| 50% on next 3000 80% on next 30,000 |
| 85% on excess over \$100,000 |

- (2) Married (or equivalent status)—tax credit—\$150
- (3) Dependents—tax credit for each—up to \$80

(C) Surtax—4% on investment income over \$1500 without exemptions.

NOTES

- (1) In no case are you required to pay a net tax (i.e., after credit for dependents) which would reduce your taxable income below \$660 single or \$1200 married.
- (2) If a wife has *uncertain* income over \$660, then both she and her husband are taxable as single persons, but any amount a wife earns does not affect her husband's right to be taxed as a married person. A married woman is taxed as a single person under all circumstances except only when her husband's income is less than \$660.

(D) Tax Credit for Personal Savings—

You may deduct from the savings portion of your tax (Item 6) 1942 payments on account of—

- (1) an approved employees' (or trade union) superannuation, retirement or pension fund;
- (2) premiums on life insurance policies issued prior to 23rd June 1942 (if issued after that date ask your insurance company or Inspector of Income Tax);
- (3) annuity or savings policies not payable without substantial loss or forfeiture; and
- (4) principal payments on a mortgage or agreement of sale, existing prior to 23rd June, 1942, on one residential property; provided (a) they do not exceed the savings portion and (b) receipts are produced for the payments when filing your Income Return.

(E) National Defence Tax—

This tax does not apply after 31st August, 1942. The deductions made during January to August 1942 apply as a payment on account of your 1942 tax.

6. Question: HOW MUCH OF YOUR TAX IS SAVINGS?

Answer:

- (1) Single—the lesser of
 - (a) $\frac{1}{2}$ the total of your Normal Tax, Graduated Tax and Surtax; or
 - (b) 8% of your taxable income (maximum \$800) plus 1% for each dependent (maximum \$100 for each).
- (2) Married (or equivalent status)—the lesser of
 - (a) $\frac{1}{2}$ the total of your Normal Tax, Graduated Tax and Surtax; or
 - (b) 10% of your taxable income (maximum \$1000) plus 1% for each dependent (maximum \$100 for each).

You will get back the savings portion of your tax which you actually pay, plus 2% interest, after the war.

7. EXAMPLES OF AMOUNTS PAYABLE ON 1942 EARNED INCOME

(after allowing for National Defence Tax actually deducted Jan.-Aug. 1942)

| 1942 INCOME | SINGLE—NO DEPENDENTS | | MARRIED—NO DEPENDENTS | | MARRIED—2 DEPENDENTS | |

1. PAYMENTS—You must pay your 1942 income tax by quarterly instalments beginning on the fifteenth day of October 1942. Remittance Form T-7-B Individuals, to be sent in with your payments, may be secured from

Inspectors of Income Tax some time in September.

NOTE:—Items 1, 4, 5 and 6 of Part I also apply.

it is wonderful how home town news kind of picks you up and gives you that little lift that sometimes means so much.

Dear Mr. Orris:
Just because I haven't thanked you sooner doesn't mean I haven't appreciated your sending me the Chronicle every week. Right now I think it is the best little paper in Canada,

Find the life in the service very fine, they treat us well and work us hard, we are all thriving on it too.

This was not intended as a letter, so thanking you again ever so much for the swell job you are doing. By the way if there is a small space at the bottom of a column that needs

filling, just remember me to all my friends in Champion and district—could you?

Yours sincerely,

Just a line to let you know I arrived here O. K. This is a good station here but as I am

There isn't anything here except the station and the only way to get in is by air or boat.

Hoping this finds you in good health as it leaves me the same.
I remain truly yours,

Monday morning at 6:30 the 1942 hunting season opened with many a bang, and I'll wager that nearly as many nimrods made the remark that, "this war time ammunition is the bunk." And then there are some who went hunting alone as their old hunting pards are hunting bigger game, or could not make it to the old haunts where they used to meet sometimes to try out their dogs or vie with one another in trying to see who could shoot the most holes in the air, anyway that is what an observer would think.

Jack Steeves thumbed a ride into Champion the other day and failing to thumb one home he visited a local garage to ascertain the price of a taxi out, after getting this information he asked the price of a car standing near by, he was told, after which Jack made a few rapid calculations and says "I'd take it," "take what?" asked the proprietor, "the car" says Jack, in either case I am paying for one so I may as well have it. So Jack has a nice car and the garage man made a good sale.

The power of the press will never cease as was proven again in town the other day when the grader hit the streets at the same time that the Chronicle hit the news stands. The Chronicle berated the town council on the deplorable condition of main street and all one had to do was to shift his eyes from the Chronicle, hot off the press, to the street to observe the grader pushing the humps into the hollows, this shows that a country town can not do without its weekly paper, and the improvement made on Champion streets by a little printers ink should stimulate interest in the press as well as bring in a few new subscribers.
